Cordoba age 27. Birth date
7/13/51. She is being held
in Villa Devoto Prison & has
been held there since 2/25/75.
This prison is in Buenos Aires.

Our church here in Minneapolis
recently found out about these
conditions in Argentina, and we
also heard that President Carter
signed a military aid bill for
the Argentine government of
President Jorge Rafael Videla,
a government which is cruel &
inhuman, and is repressing
human rights in torturous

ways. It is unbelievable that the United States government will give aid to a government that is treating people in such horrible ways. This is not democracy in action.

Please check into the imprisonment of the above person.
